If an adverse event occurs during an episode of care at Mobile Surgery center, it is policy based on reasons of conscience; all reasonable efforts will be taken to revive, resuscitate or provide other stabilizing measures to the patient regardless of the content of any Advanced Directive, Living Will or other Health Care Proxy or instructions from any agent. “it is the patient’s responsibility to inform their physician and Mobile Surgery Center if there is an Advance Directive. In the event of a patient transfer from Mobile Surgery Center to another facility, a copy of the Advance Directive will be forwarded to the receiving facility”.
